### **DIGITAL BUSINESS TECHNOLOGIES – DBT**

DBT - Welcome to Digital Business Applications Technologies (Applications). The business world is progressively more reliant on digital technologies. The Digital Business Applications course is designed to prepare students with the knowledge and skills to be an asset to the collaborative, global, and innovative business world of today and tomorrow. Concepts include the overall digital experience, digital communications, digital media and the exploration of career choices. This course also provides practical experience in professionalism using various forms of presentation skills, including speaking, podcasting and digital portfolio relating to the globalization of business. State standards and objectives for this course is available on the Utah State Office of Education Website or follow this link:

### **WEB DEVELOPMENT 1A – WEB**

WEB – Welcome to Web Development 1A - Web Development 1 is a course designed to guide students in a project-based environment in the development of up-to-date concepts and skills that are used in the development of today’s websites. Students will learn the fundamentals of how the Internet works. They will learn and use the basic building blocks of the World Wide Web: HTML5 coding, cascading style sheets (CSS), and JavaScript. They follow the steps to create a website by planning, designing, developing, deploying, and maintaining of the website projects. Students will learn and use different scripting technologies to create more dynamic and interactive websites. They will learn what it takes for a career in web development as they complete projects and create their own website. State standards and objectives for this course is available on the Utah State Office of Education Website or follow this link: <https://www.schools.utah.gov/file/e7dc7444-75c0-4625-9359-63b98e25db7e>

### **BUSINESS OFFICE SPECIALIST – BOS**

BOS – Welcome to Business Office Specialist. This course applies advanced concepts and principles using word processing, spreadsheets, databases, and electronic presentation software. Students may have the opportunity to obtain a Microsoft Office Specialist industry certificate through Microsoft and Certiport per district discretion. The certification is recognized worldwide as the best method for employers to validate computer skill proficiency. Students will integrate applications learned. This course builds on skills included in Digital Literacy. State standards and objectives for this course is available on the Utah State Office of Education Website or follow this link:

## **EXPLORING COMPUTER SCIENCE – EXP**

EXP – Welcome to Exploring Computer Science. Exploring Computer Science 1 is designed to introduce students to the breadth of the field of computer science through an exploration of engaging and accessible topics. Rather than focusing the entire course on learning particular software tools or programming languages, the course is designed to focus the conceptual ideas of computing and help students understand why certain tools or languages might be utilized to solve particular problems. The goal of Exploring Computer Science is to develop in students the computational thinking practices of algorithm development, problem solving and programming within the context of problems that are relevant to the lives of today's students. Students will also be introduced to topics such as interface design, limits of computers and societal and ethical issues. . State standards and objectives for this course is available on the Utah State Office of Education Website or follow this link:

### **ACADEMIC GRADING CRITERIA**

- |  |     |
|--|-----|
| • Participation (Employability-Skills)                 | 20% |
| • Assignments (Applications, Classwork, Projects etc.) | 35% |
| • Quizzes & Tests (Knowledge and Production)           | 45% |

The following percentage grading scale will be used:

94 – 100 = A	80 – 82 = B-	67 – 69 = D+
89 – 93 = A-	77 – 79 = C+	63 – 66 = D
86 – 88 = B+	73 – 76 = C	60 – 62 = D-
83 – 85 = B	70 – 72 = C-	0 – 59 = F

## EMPLOYABILITY SKILLS

- It will be expected that each student fully participates in every scheduled class period. Failure to participate could result in a deduction of a student's academic grade by losing participation points or reducing a student's citizenship grade.
- Each student who earns a tardy will result in a deduction of 5 points from their participation/employability skills grade.
- For students who have un-cleared absences; each day they miss will result in a loss of their entire 10 participation points for that day. Once a student gets that absence cleared, and then they can retain the 10 points they lost.
- Classroom attendance is MANDATORY!

## QUIZZES / TESTS

- Quizzes & Tests will consist of Knowledge and Application type tests. Knowledge tests will consist of multiple choice, true or false, matching, short answers, and essay type questions. The Application type tests will be performed on a computer in the classroom, with the result either being a printout, a saved file, or published web file. Most tests will be taken online via Canvas.
- Tests must be taken on the day given. If a student knows that they will be absent for a test, then in advance, they must make arrangements with the teacher to take the test at another time. If the student is absent because of illness or other personal emergency, then the absence must be cleared and the test must be taken within 2 class periods after returning to school. ALL MAKEUP QUIZZES AND TESTS CAN ONLY BE TAKEN DURING THE SIR (A SUMMONS WILL BE ISSUED) OR DURING CLASS TIME, IF TIME PERMITS.

## ASSIGNMENTS

- Assignments will consist of: 1) Skill Applications, 2) Classwork, 3) Projects. Class work must be accomplished in class and will consist of notes, assignments, outlines, reviews, worksheets, videos and group work etc. Some assignments will be recorded as time "On-Line" in the. Only on special occasion will students be required to do homework unless they have to study for a quiz or a test. On occasion, students will be asked to help correct other student's assignments and/or tests.
- All assignments and tests will be worth any number of points as determined by the teacher.
- Assignment and test due dates will be determined by the teacher as he sees fit.
- **LATE WORK** will not be accepted after the assigned due dates. **NO EXCEPTIONS.**
- Extra Credit will be offered randomly throughout the term. Take advantage of it when it comes.
- If a student is absent for any reason, and then it is the student's responsibility to clear the absence, check with the teacher for make-up work during your Advisory Period (SIR) and turn the work in on time.
- You may receive points each day for participating, completing assignments, tests and/or quizzes, notebook checks, management points, professional development points and/or outside class assignments.
- ***A student must check the class CANVAS regularly.***
- In order to receive credit for assignments, all work must be submitted in a timely manner. Due dates will be posted and in order to receive any credit for assignments, all work must be submitted within THE DUE DATE PERIOD. Files will be electronically uploaded CANVAS. This process will be covered multiple times in class.

## CLASSROOM INSTRUCTION & VIDEOS

As part of the curriculum for this class videos may be used in an instructional manner to help students understand concepts of computer history, computer hardware, the internet, computer/professional ethics etc. Headphones will be mandatory for students to watch videos on their computer as part of the curriculum, therefore each student needs to have a pair of (not Expensive) headphones to use.

## BUSINESS AND MARKETING PROFESSIONAL ORGANIZATIONS

Students may join **DECA** as a means to enhance your educational experience. Applications can be obtained from your teacher. There is a membership fee for each organization that goes along with both national organization memberships. The receipts and applications need to be turned into the advisor of that organization. By joining either DECA you will automatically receive 15 extra credit points.

## GUIDELINES FOR CLASSROOM BEHAVIOR

- ✓ A positive and respectful attitude. You will be learning in a business-like environment and should conduct yourselves accordingly. Light talking and moving around or otherwise communicating with others is generally accepted as long as it doesn't get out of hand or other disrupting acts will not be permitted during class time. Using the bathroom or hall pass must be requested with the teacher.
- ✓ You are responsible to bring their supplies to class each day. This will help you utilize your time wisely and complete their assignments on time.
- ✓ "CHILL TIME" - Internet Surfing, social networking and games are NOT permitted during class time without permission. Classroom computer use will follow the "Davis District Technology Acceptable Use Policy". **NO GAMES SIMILAR TO HALO OR FORTNITE AND/OR ANY OTHER GAME THAT TAKES UP MULTIPLE WORKSTATIONS AND NEEDS TO BE DOWNLOADED.
